- Determine what the official College response will be;
- All facts should be checked before speaking to the media;
- If accurate information is unavailable or the issue is of a sensitive nature, explain that questions cannot be answered at this time;
- Avoid implying blame or fault for any part of the incident as this can have significant legal implications;
- The Principal may delegate media liaison to another member of staff.

## 5.5. Evaluation and Review of Management Plan

After every critical incident, a meeting of the Critical Incident Management Team will be held to evaluate the critical incident report and the effectiveness of the management plan and to make modifications if required.
